Pharmacists: see inside for details

All patients receiving an opioid should proactively be dispensed a take-home naloxone (THN) kit and counselled by a pharmacist.

— 2020 Canadian national consensus guidelines for naloxone prescribing by pharmacists³

1

Confirm eligibility⁴

People are eligible to receive a THN kit if:

- They are currently using or may return to using opioids
- They are a family member, friend, or **other person able to help someone at risk** of an opioid overdose

2

Provide the THN kit and offer counselling in a private setting

Lower price, same high quality:

NARCAN[®] Nasal Spray now matches generic naloxone pricing. **Look for the pink plunger.**
